

OVERVIEW OF TN

The TN category was developed as part of the North American Free Trade Agreement (NAFTA) and continues under the United States-Mexico-Canada Agreement (USMCA), to facilitate the entry of Canadian and Mexican citizens to the United States to engage in professional business activities on a temporary basis.

On July 1, 2020, the United States-Mexico-Canada Agreement (USMCA) replaced the North American Free Trade Agreement (NAFTA). The criteria for TN admission under the USMCA are the same as under NAFTA.

Whereas TN admission under NAFTA was governed by the list of Professionals in [Appendix 1603.D.1 to Annex 1603 of NAFTA](#), TN admission under the USMCA will be governed by the [list of Professionals in USMCA Chapter 16 Appendix 2](#). The appendices are identical.

Only occupations specified in the [list of Professionals in USMCA Chapter 16 Appendix 2](#) can serve as the basis for TN employment; so, TN sponsorship is not always possible for all positions at UA. The [list of Professionals in USMCA Chapter 16 Appendix 2](#) also stipulates the minimum qualifications for entry into the U.S. in each occupation.

TN SPONSORSHIP LENGTH

Both Canadian and Mexican citizens can be admitted to the United States in TN status in increments of up to three-years. Extensions of stay are also granted in up to three-year increments. There is no cumulative total limit on the time a Canadian or Mexican citizen can be in TN status. Status can be renewed indefinitely, provided that the stay remains temporary in nature (e.g. not tenure track or permanent employment).

OBTAINING TN STATUS ABROAD OR IN THE U.S.

There are two basic ways for Canadian and Mexican citizens to process the TN:

1. Apply for the TN Visa in their home country (Canadian citizens do not require a visa and may obtain TN-status at the US Port of Entry) **or**
2. Have The University of Alabama International Student & Scholar Services file an I-129 petition sponsoring either a change-of-status to TN or extension-of-status of TN within the United States.

TN ELIGIBILITY REQUIREMENTS

- TN-Applicant must be a citizen of Canada or Mexico
- TN-Applicant must possess the minimum qualifications of a member of one of the professions listed in the [list of Professionals in USMCA Chapter 16 Appendix 2](#).
- Entry must be “temporary”
- Job must constitute “pre-arranged” professional activity for a U.S. entity, within one of the professions listed in the [list of Professionals in USMCA Chapter 16 Appendix 2](#).

More information about the TN Visa can be found here: <https://travel.state.gov/content/travel/en/us-visas/employment/visas-canadian-mexican-nafta-professional-workers.html>

TIMING OF FILING

Applying for TN Visa Status Abroad – Applying for TN status abroad (either for a TN Visa at a US Consulate for Citizens of Mexico or for TN-Status at the Port of Entry for Citizens of Canada) is often the fastest possible way to obtain TN Status since no petition must be filed with US Citizenship and Immigration Services in advance. Mexican Citizens who will apply for a visa at a US Consulate must plan at least 1 month in advance to allow enough time for obtaining an appointment for the visa interview and for visa processing. Canadian citizens who will apply for TN-status at the port-of-entry should make sure to obtain all supporting documents needed for TN determination at least 2 weeks prior to their intended entry to the US.

Filing I-129 for TN Status within the US – If The University of Alabama will process a change-of-status to TN or an extension of TN-Status within the United States, International Student & Scholar Services must submit an I-129 Petition to US Citizenship and Immigration Services as early as 6 months before the intended beginning effective date of the TN. The TN application process is very long and requires much documentation from both the department and applicant. It is recommended that departments and applicants begin any TN application, extension, or amendment which is to be filed inside the US as close to 6 months in advance of the intended start date as possible.

FILING FEES FOR FILING INSIDE THE U.S.

Required Fee. If filing for a change-of-status, concurrent employment authorization, or an extension of TN status from within the U.S., UA departments are required to pay the \$460 I-129 USCIS processing fee for their employee's TN petition. The employee ***may not*** pay this fee.

Optional Fees. If the department and/or individual requests premium processing, either the department or the individual may pay the additional \$2500 fee to USCIS. If the employee wishes to apply for immediate family members to change to TD dependent status within the U.S., he or she must pay the \$370 I-539 change-of-status fee.

CHANGES IN TERMS OF EMPLOYMENT AND TERMINATION

Departments *must* consult with International Student & Scholar Services prior to changing a TN's terms of employment (including changes to job duties or department) to determine whether an amended petition is required.

Please inform International Student & Scholar Services immediately if a TN worker's employment is terminated so that International Student & Scholar Services can notify USCIS, effectively withdrawing the TN. Because TN status is an employment-based status, that status immediately ends upon termination.

TN EXTENSIONS

The process for requesting an extension of TN status is the same as for the initial period of TN employment. Again, the fastest way to gain additional TN time is through travel.

According to 8 C.F.R. § 274.12 (b) (20), if the TN applicant is currently in TN status with The University of Alabama, it is possible for the applicant to continue working for The University of Alabama for up to 240 days after the expiration of the current TN status as long as the TN extension was timely filed. Timely filing means that US Citizenship and Immigration Services must receive the I-129, TN application before the expiration of the current TN. International Student & Scholar Services will authorize employment to continue as soon as the I-797 receipt notice (the official notice of application receipt from USCIS) arrives before the expiration of the current TN.

ONLY FOR TN PROCESSING INSIDE THE U.S.

DEPARTMENT PROCEDURES

- 1. Request TN processing** (please complete [Appendix A](#)): To initiate the TN process, the department should complete the Appendix A section of this packet, providing details on the job position and a copy of the appointment/job offer letter (if already prepared).
- 3. Complete the Deemed Export Form** (please complete [Appendix B](#)). In support of your request for TN sponsorship, International Student & Scholar Services is required to certify on the USCIS I-129 petition whether or not a license for export controlled technology or technical data is necessary for the professor/researcher being sponsored. To facilitate this requirement, all host departments are required to complete an attestation as to whether or not the TN worker will require a license for export controlled technology or technical data.
- 4. Complete the letter of TN support** (please see [Appendix C template](#)). Please note that the maximum length of time for which an TN can be requested at one time is three years.
- 5. Process Check Request for USCIS Fees** (please see [Appendix D](#)).
- 6. Send documents to the International Student & Scholar Services:** The TN Request (Appendix A), the Deemed Export Form (Appendix B), and the letter of support (sample in Appendix C) may be sent as soon as they are complete.

PROSPECTIVE TN EMPLOYEE PROCEDURES

- 1. Provide immigration information and history** (please complete [Appendix E](#)): Once the department initiates the TN sponsorship process by submitting the Appendix A forms and Appointment Letter, International Student & Scholar Services will contact the TN beneficiary to obtain the biographical information, immigration documents, proof of qualifications (diploma, CV, licenses), and family information (if applicable) required for the TN petition.
- 2. TD Dependent Sponsorship.** If a prospective TN employee has dependent family members (spouse or children) whom the TN employee would like to sponsor for TD visa status, the TN employee will need to consult with International Student & Scholar Services about processing the TD visa support. For sponsorship of dependents who are already in the US to either extend or obtain TD status, the prospective TN employee will need to submit documents for concurrent filing with the TN petition. For dependents who are currently outside of the US and will enter the US in TD status at a later date, the International Student & Scholar Services can advise on how they may obtain TD status abroad.

INTERNATIONAL STUDENT & SCHOLAR SERVICES PROCESSING

Once International Student & Scholar Services receives the required materials from the department and applicant, we will complete the necessary forms and send the petition to the USCIS for processing.

Upon receiving the Approval Notice (I-797) from the USCIS, the International Student & Scholar Services will notify the employee and ask him or her to come to report to the Center.

EXPORT CONTROL
FORM**

OVERVIEW OF EXPORT CONTROL REQUIREMENT FOR TN

In support of your request for TN sponsorship, International Student & Scholar Services is required to certify on the USCIS I-129 petition whether or not a license for export controlled technology or technical data is necessary for the professor/researcher being sponsored. To facilitate this requirement, we ask your assistance in completing the questionnaire below, which will allow ISSS to begin filing TN support. In addition, the Research Compliance Office will review the form and if necessary will confer with the sponsored-individual and appropriate supervisor or administrator to determine whether a license under EAR or ITAR would be required. The license acquisition process would be initiated in parallel to TN sponsorship. Any future changes or extensions of the sponsored TN worker's employment must also be reviewed for compliance. For more information about Export Control: http://osp.ua.edu/site/RC_ExC.html.
